**THE PUBLIC DEBT OF THE UNITED STATES.**

HOW IT STANDS AT THE END OF THE FISCAL YEAR.

Washington, July 1.—The following is a recapitulation of the public debt statement: Interest bearing debt—Principal, \$1,086,315,862; interest, \$12,351,603. Total, \$1,098,667,465. Debt on hand on which interest has ceased since maturity—Principal, \$4,115,165; interest, \$190,753. Total, \$6,305,919. Debt bearing no interest, \$595,798,564. Total debt, \$1,700,771,948. Total debt less available cash items, \$1,320,282,106; net cash in the Treasury, \$40,853,369; debt less cash in Treasury July 1, 1887, \$1,279,428,737; debt less cash in Treasury June 1, 1887, \$1,296,281,462; decrease of debt during month, \$16,852,725; decrease of debt since June 30, 1886, \$109,707,646; cash in Treasury available for the reduction of the public debt, \$280,489,842; reserve fund, \$100,000,000; unavailable for reduction of the debt, \$101,944,075. Total cash in the Treasury shown by Treasurer's general account, \$482,433,917.

**COINAGE AND CIRCULATION IN JUNE.**

During the month of June the circulation of standard silver dollars increased \$84,687, and the gold holdings of the Treasury increased \$207,896. The increase of the silver circulation during the year was \$1,336,000 and the increase in the gold holding during the same time was \$2,796,000. The coinage of the Mints during June aggregated \$4,337,502, of which \$2,016,090 was in standard dollars.

**PROHIBITION IN RAILROAD BUILDING.**

The Canadian Government when it undertook the construction of the railroad to the Pacific resolved that there should be no liquor houses or the possibility of procuring liquor within ten miles of the line, and the work, in which were 30,000 men of every nationality, was successfully carried to completion without a single crime of anything except of a trifling nature being committed.—[Cleveland Leader.]

**A RUSSIAN PRINCE STRUCK WITH A WHIP.**

A cable to the Boston "Herald" says: There was a big sensation at Hyde Park last evening. At 7 o'clock a carriage containing four persons—two ladies on the back seat and two gentlemen on the front—were slowly driving between the statue of Achilles and the Marble Arch, when the Marquis de Leville drove alongside, and, flicking his whip across the face of one of the gentlemen, called him a swindler and a thief. The assaulted man, who made no response, was Prince Erstoff, a Russian. The ladies in the carriage were Mrs. Frank Leslie and a friend from New York. Whether the affair will lead to a hostile meeting remains to be seen. The Marquis de Leville has spent considerable time in this country, and the report that Mrs. Leslie and he were engaged to be married was long a matter of gossip.

**LORD HARTINGTON TO GLADSTONE.**

Lord Hartington in replying to Gladstone's recent letter, says: "I do not think it necessary to prolong an unimportant correspondence, nor is it necessary to exclude from my statement that the Liberal dissension on such a question was of only recent date, as it was not intended as an unfriendly statement. I shall not, therefore, publish the letter marked 'private,' but I repeat that it cannot properly be desired as a letter of the 'strongest remonstrance.' I have no objection to your publishing it, if you think fit."

**FRIENDLY TO CANADA.**

In a recent speech in the Dominion, Sir John Macdonald, the Canadian Premier, said he believed that the administration of Mr. Cleveland was exceedingly friendly to Canada. The use of the word "exceedingly" was apparently not accidental. The Premier meant all that it conveys. But the word grates upon the ears of people who thought the action of Congress in passing the non-intercourse bill meant something. Such people are willing that the President should be friendly to Canada, but they do not want him to be exceedingly friendly. The examinations which have been held demonstrate that the offense of which American vessels are charged is in the purchase of bait within the three-mile limit. On this point the Canadian Premier says:

We have taken the position that a fishing vessel is one thing and a trading vessel is another; that a fishing vessel cannot by merely getting a trading permit from an American Collector change its character. \* \* \* We do not agree with the view that they (the Americans) are to keep us out of their markets, while at the same time we are to assist them in supplying those markets.

**WHO IS MOTHER SEIGEL?**

She is a lady who, by the merest accident, has made a most valuable discovery, and she is creating the wildest enthusiasm all over the country, and everybody is talking about her and asking

**WHAT IS MOTHER SEIGEL'S REPUTATION?**

and she tells them to read the thousands of letters, something like the following from Mr. Perkins:

A WONDERFUL TESTIMONIAL.

"Grove Pharmacy, Kaling, W. Jan. 2, 1887.

"Your medicine must be the most wonderful, for during my experience of more than twenty years, I never knew any proprietary or patent medicine in such universal favor and demand. It is simply extraordinary, and I feel sure to send you an account of every statement made to me in its favor, you would have to publish a separate book to contain my testimonials alone.

(Signed) "THOMAS J. PERKINS"

And then people ask—

**WHAT DOES MOTHER SEIGEL DO?**

GIVES RELIEF TO A COUGH.

"29, Bloomfield road, Plumstead, Jan. 7, 1885.

"I find the sale of your medicine increases every year, and everyone speaks well of that tries them. I know a lady that attended the Female Hospital in Soho-square for some months, with pains in back, side and bilious, and could take no food, but got no benefit from any of the medicines they gave her. Before she had taken all the contents of one bottle of your Syrup she felt relief and is now quite well.

(Signed) "W. K. BAKER."

**THE EFFECT WAS MARVELLOUS.**

"Medical Hall, Bangor, Jan. 5, 1885.

"I hear people constantly speaking very highly of Seigel's Syrup. There is a case of a young married lady in Anglesey who had been suffering from stomach asthma for a long period, who had consulted some of the best physicians of the day, but without deriving any benefit. She was daily getting worse, but at last a friend persuaded her to try Seigel's Syrup. She procured a bottle, and the effect was marvellous; she rapidly improved, and now she is as strong and healthy as ever she has been.

(Signed) "H. LLOYD-JONES."

**WHAT IS MOTHER SEIGEL GOOD FOR?**

DOES NOT RESTORE THE DEAD, BUT SAVES THE LIVING.

Mr. J. W. SAVILL, of DUNDEE, Essex, writes—September 1884:—"I introduced your medicines into Dundee almost as soon as they were brought out in London. I sold in a short time eighteen pounds' worth. I have known many grand cases of permanent cures; and, as yet, no case of failure. Notwithstanding many competitors, Mother Seigel's Syrup holds its own ground. I believe it a good medicine, but will not restore the dead to life, but appears to save the living from dying."

**A CASE OF GRAVEL CURED.**

"Feltham, Jan. 6, 1885.

"It has always given me pleasure to recommend your medicines to my customers, and the results of their use have invariably been most satisfactory. I could furnish you many testimonials. One case just now occurs to my mind. A constable of the police force of Tooting, S. W., where I for many years had a shop, was a patient of mine, suffering from a bad attack of gravel. He was persuaded to try 'Mother Seigel's Syrup.' He purchased a bottle at my shop, and by the time he had taken half of it he reported himself to me as quite cured. The effect was simply marvellous.

(Signed) "J. D. FLORENCE."

**WHAT PEOPLE SAY ABOUT MOTHER SEIGEL.**

AN EXPERIENCE OF FORTY YEARS.

"Cosham, Hants, Jan. 2, 1885.

"My customers, over a wide country district, are not very demonstrative, and have no written testimonials to send; but verbal admiration of your medicine is in the ascendant, and my experience of forty years' assures me that no preparation has so rapidly acquired a popularity, and so firmly maintained its reputation as Mother Seigel's Syrup."

(Signed) "THOMAS H. BAKER."

C. B. PATTERSON, 74 King street.

Why am I so Miserable?

So weak and languid? Why such heartburn and pain in the stomach, such acidity, and such an unpleasant taste in the mouth? Why at times such a gnawing appetite, and then again such disinclination for food? Why is the mind so frequently irritable, desponding, melancholy, and dejected? Why does one often feel under the apprehension of some imaginary danger, and start at any unexpected noise, becoming agitated as though some great calamity was impending? What is the meaning of these dull, sick headaches; these violent palpitations of the heart; these feverish restlessness, these night sweats; this disturbed and dreamy sleep, which brings no refreshing rest, but only mounings and mutterings, and the horrors of the nightmare?

The answer is: There are the symptoms of Indigestion or Dyspepsia—the beginning and the forerunner of almost every other human disease. Indigestion is a weakness or want of power of the digestive fluids of the stomach to convert the food into healthy matter for the proper nourishment of the body. It is caused most frequently by the irregularity of diet, or improper food, want of healthy exercise and pure outdoor air. It may be induced by mental distress—the shock of some great calamity. It may be, and often is, aggravated and intensified, if not originally brought on, by exhaustion from intense mental application, of physical overwork, domestic troubles, anxiety in business, or financial embarrassments. If the stomach could always be kept in order, death would no longer be a subject of fearful anxiety to the young and middle-aged; but what would be contemplated by all as a visit of an expected friend at the close of a peaceful and happy old age. However, the first hostile invader upon the domain of health and happiness is Indigestion.

Is there any relief, any remedy, any cure? That is the question of the suffering and unhappy dyspeptic. What is wanted is a medicine that will thoroughly renovate the stomach, bowels, liver, and kidneys, and afford speedy and effectual assistance to the digestive organs, and restore to the nervous and muscular systems their original energy. Such a medicine is happily at hand. Never in the history of medical discoveries, evidenced by a dozen years' thorough test, has there been found a remedy for Indigestion so speedy, so sure, and so surprising in its results as Seigel's Curative Syrup, but today it is a standard remedy for that almost universal affliction in every civilized country in Europe, Asia, Africa and America. Public testimonials and private letters from military officers, bankers, merchants, ship captains, mechanics, farmers, and the wives and daughters, alike confirm its curative powers.

**Nearly Raised him from the Grave.**

Swiss Cottage, Walton-on-the-Naze, August 27th, 1886.

A. J. White, Limited.

Dear Sirs:—If a testimonial is of any use to you respecting the remarkable cure I have derived by taking your "Seigel's Syrup," you are at liberty to make any use of this you may deem best. For upwards of twelve years I have suffered from extreme Nervous Debility and Gastric Catarrh which rendered me so weak and totally unable to do any business, and caused great prostration and weakness. About three years ago I had the advice of several members of the medical faculty, and under their treatment derived little or no good. Being in town some ten months ago, I was advised to try your Curative Syrup, and purchased a bottle. I had not taken many doses before I began to feel a fresh man. I could walk with ease, while before I had had work to carry one leg before the other. My strength gradually increased and my eyesight got better, while before I frequently lost, owing to the malady arising from a sluggish liver, often in bed for several days with pills, and could hardly move. Dear Sir:—Your Syrup I find has an increasing sale in this neighborhood, and shall always do my best to further the sale of an article that every one who tries it speaks highly in its favor. I also have great satisfaction in saying that I quite believe my wife was permanently cured of Indigestion and Wind on the Stomach, from which she had suffered intensely some time previous to taking it. Faithfully yours,

A. BURN.

Attanagh, Abbeylegg, Queen's County, Ireland, December 24th, 1886.

A. J. White, Limited.

Dear Sirs:—I hope that your Syrup and Pills may get the sale they so well deserve. I had a very delicate child, a boy now over nine years, but being averse to eating any kind of vegetable or food from his birth, I began giving him Mother Seigel's Curative Syrup, and after a few weeks he recovered so as to be able to consume as much food as other boys of his age, and to the great astonishment of his neighbors, he is lively, getting into flesh, and thriving as well as boys of his age do. We give all the credit of his recovery to Seigel's Syrup. Yours faithfully,
